Forecast for Thursday 31 Aug 2023

Weather: A fine and largely bright morning. Cloud increasing through the afternoon, with outbreaks of rain spreading in by dusk. Outbreaks of rain and drizzle continuing into the evening, but generally these will be light.

Chance of cloud-free hill tops above 600m: 90%, lowering to 20-30% during the late afternoon.

Low Cloud and visibility: Cloud bases lowering through the afternoon, to become widespread around 500-600m, perhaps with patches down to 300-400m especially on southeast facing slopes. Visibility good for much of the day, but becoming often poor or very poor in rain, drizzle and low cloud covering the hills by the evening.
